Introduction to the Collection

This is the Administrative Record file for the GE – Pittsfield / Housatonic River Site/ Rest of River Draft Modification to the Reissued RCRA Permit and Statement of Basis. The Housatonic River flows south from north of Pittsfield, Massachusetts and travels through Massachusetts and Connecticut into Long Island Sound. This Administrative Record file contains site-specific documents, reference material, and guidance used by EPA staff that form the basis for EPA's issuance of the Rest of River Draft Modification of the RCRA Permit and Statement of Basis.

On August 21, 2014, EPA transmitted three additional items to include in the Administrative Record File for the Draft Permit Modification for Rest of River, GE-Pittsfield/Housatonic River Site that a reviewer noted were incomplete and/or difficult to view:

-a DVD of the video of EPA's April-May 2011 Community Mini-Workshops and Charrette (SDMS 541624);
-a CD containing the complete version, including attachments of the "Housatonic River Floodplain User Survey Summary Report", prepared for General Electric Company by Triangle Economic Research, January 20, 2003 (SDMS 41711); and
-the complete version, including attachments, of GE's June 30, 2011, "Comments to National Remedy Review Board (NRRB), Revised Corrective Measures Study (CMS) Report, Rest of River " (SDMS 487349).

On October 27, 2014, EPA revised the index by adding 4 documents to the privileged portion of the Administrative Record file:

Revised Supplemental Cost Information Package, Revised Corrective Measures Study Report:
-Document 568036: Sediment Alternatives Cost Estimate
-Document 568037: Floodplain Alternatives Cost Estimate
-Document 568038: Combined Sediment and Floodplains Cost Estimate
-Document 568039: Treatment/Disposition Cost Estimate

This Administrative Record file incorporates, by reference, the Administrative Records for the prior actions undertaken at the GE - Pittsfield / Housatonic River Site, including but not limited to the following:

a) General Electric Building 68 Site Removal Action (March 1997);
b) Upper Reach Removal Action, (May 1998);
c) Allendale School Removal Action, (May 1999);
d) Removal Actions Outside the River, (August 1999);

An Administrative Record file is required by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended by the Superfund Amendments and Reauthorization Act (SARA) and implemented by the National Contingency Plan, 40 C.F.R. Part 300. This Administrative Record file is also in accordance with the administrative record requirements for Resource Conservation and Recovery Act (RCRA) actions found at 40 C.F.R Part 124, and the Consent Decree, including Appendix G to the Decree.
