As a youth and the future of this nation I belive that the health and preservation of enviorment is one of our top concerns. Agent Orange, A chemical the U.S goverment used in the Vietnam War leaving over 1million people left disabled and or have other issues. Agent orange was dumped in our very own willamette river. Thank god we do not drink the river water. I belive that it is your job to protect the health of the youth and enviorment. So please clean up the superFund Site.
