12.9.18

Dear EPA,

I was so disappointed to hear about changes to the Portland Harbor Superfund Site Cleanup Plan. I'm a mental health worker living in North Portland. My clients, family & friends depend on healthy communities. This Cleanup of the Willamette feels critical to maintaining our home for future generations. I swim every year in the Willamette. I'm concerned about the presence of Benzo(a)pyrene and breakdown by products that might go unaddressed if the cleanup plan changes. I urge you to stick to the Clean Up plan that our community fought so hard for. We are counting on you to do the right thing.

Thank you.
