Dear EPA,

more comments re: cleanup of lower Willamette

1. Polluters pay

2. we need coordination with local, state + Federal authorities to keep upland + upriver pollutants from the river or we will be doing another cleanup!.

3. Toxins removed from the river + not stored in or next to the river.

4. Let's get this done right the first time. We need to protect our environment, humans + wildlife. Thank you. Sincerely

you are the EPA. We should be able to rely on you to protect us + the environment!.
