IN REPLY REFER TO:

JAN 21 1956

Pennsylvania Salt Manufacturing Co.
Three Penn Center Plaza
Philadelphia 2, Pennsylvania

Attention: Mr. Walker Penfield

Gentlemen:

Reference is made to your letter of December 23, 1955, which transmits your application for a license for one ton of magnesium fluoride scrap containing up to about five per cent uranium and to Form AEC-8, dated January 13, 1956, which you submitted regarding a three hundred pound sample of the fluoride scrap. Reference is also made to your telephone conversation of January 19, 1956, with Mr. Delaney of this office during which you indicated that a license for a total of one ton of scrap was required and that the three hundred pound sample was expected to be a part of the total one ton licensed quantity.

Enclosed is AEC Source Material License No. C-3448 authorizing your receipt of 2,000 pounds of fluoride scrap containing about one to five per cent uranium for use in processing studies.

By this letter you are authorized to procure the licensed material from the Commission. You should communicate with Dr. H. M. Roth, Director, Research and Development Division, Oak Ridge Operations Office, U. S. Atomic Energy Commission, P. O. Box E, Oak Ridge, Tennessee, regarding procurement.

Very truly yours,
