Dear EPA,

I've lived in Portland all of my life of 55 years. Its way past time to have our rivers cleaned up where we can swim & fish & not have to worry about getting sick! Lewis & Clark would be horrified if they could see what we have done to these beautiful rivers that were once full of salmon & clean water! Its time we hold the companies responsible for polluting our rivers who ended up making a profit out of it! (Shame on them)
