

EPA Reviews Cleanup Jacks Creek Superfund Site

The U.S. Environmental Protection Agency (EPA) is conducting a third Five-Year Review of the Jacks Creek/Sitkin Smelting & Refining Inc. Superfund Site located in Mifflin County. EPA inspects sites regularly to ensure that cleanups conducted remain fully protective of public health and the environment. Prior reviews have determined the cleanup remedy is protective. The results of this review will be available by April 2016.
