**LNR/CAG Planning/Forecasting EE/CA Exercise Worksheet**  
**January 21, 2025**

In anticipation of the upcoming EE/CA release date and public comment period, we need to gather and share information to identify our needs and next steps. Please start to make your list for the CAG activity planned for 1/21. Committees are welcome to collaborate on this form or submit individual responses. There will be time during the meeting for everyone to interact, review, and reach agreement on our next steps.

**WHEN YOU THINK ABOUT EE/CA and YOUR COMMITTEE and INDIVIDUAL EFFORTS TO SHARE ACCURATE INFORMATION:**

- 1) What do you and your committee hope to do to help residents and your communities receive good information about EE/CA (and the findings) and know ways in which to respond?
- 2) What do you and your committee know about the EE/CA and the community engagement processes? Who is responsible? What can it look like?
- 3) What do you and your committee not know about the EE/CA and the community engagement processes?
- 4) What do you and your committee need to know about the EE/CA and the community engagement processes?
