

State Enhanced Remedy (SER) Update

EPA Community Meeting

February 24, 2011

BACKGROUND

- State Enhanced Remedy was requested by the MassDEP
- EPA included SER request into 1998 ROD
- Request included dredging and on-site disposal of navigational sediments
- SER dredging began in 2005

SER COMMITTEE

- The SER Committee provides regulatory oversight of the navigational dredging
- The SER Committee typically meet monthly on the last Thursday of the month
- Stakeholders and the public are welcome to attend
