Dear sir,

I am writing in regard to United States and Massachusetts v. AVX Corporation, D.J. Ref. No. 90–11–2–32/2.

I have lived in Southeastern Massachusetts my whole life. I spent almost 3 of my 43 years living in New Bedford. It is a city that has a great deal of potential, and it has really improved in the past 20 years. It has a beautiful harbor, but unfortunately that was polluted with PCBs years ago.

I want New Bedford Harbor cleaned to the highest, safest standard. The settlement between the EPA and AVX should include a reopener clause to ensure a full cleanup of the harbor.
