C. A. No. 78-3027

WILLIAM DAVIS and
ELEANOR DAVIS :

MOTION TO
COMPEL ENTRY
UPON LAND

Pursuant to Rule 37(a) of the Superior Court R.C.P. plaintiffs request that defendants be ordered to allow plaintiffs to enter upon defendant's land for the purpose of drilling and maintaining six (6) 2-1/2 inch diameter ground water monitoring wells.

The grounds therefor are:

- (1) plaintiffs must sample and analyze ground water to determine the extent that pollutants have entered the ground water,
- (2) such sampling can only be done by drilling and maintaining monitoring wells.
