BOSTON (Sept. 11, 2026) – U.S. Environmental Protection Agency (EPA) now offers additional opportunities for Berkshire residents to ask questions about ongoing cleanup work at the GE-Pittsfield/Housatonic River Site in Western Massachusetts.

EPA has added monthly office hours for community members to visit and speak with the cleanup team. Residents can continue to contact Community Involvement Coordinator Olivia Lopez (lopez.olivia@epa.org) at any time, or stop by during the following office hours. Due to the variability in winter weather, EPA will be holding office hours in December, January, and February virtually.
