Dear Mr. Finn:

As requested, enclosed please find a copy of the Final Public Health Assessment (PHA) for the Lightman Drum Company Site (Site) located in Winslow Township, Camden County, New Jersey. The PHA was prepared by the Agency for Toxic Substances and Disease Registry in order to determine whether people are being exposed to hazardous substances related to the Site and, if so, whether exposure to these substances should be reduced or eliminated.

If you should have any questions regarding the enclosed PHA, please contact me at (212) 637-4413.

Sincerely yours,

Joseph A. Gowers, Project Manager
