**Re: Approval of Revised RI/FS Work Plan Addendum #2**

Dear Mr. Finn:

The U.S. Environmental Protection Agency (EPA) has reviewed the Revised RI/FS Work Plan Addendum #2 (May 8, 2007) for additional groundwater transects and groundwater sampling work at the Lightman Drum Superfund Site. EPA approves this document as submitted.

EPA requests that the Lightman Yard PRP Group submit a schedule for the groundwater work two week prior to mobilization so that EPA's contractors will be able to oversee the work and collect split samples.

If you have any questions, please contact me at (212) 637- 4414 or at [gelblat.renee@epa.gov](mailto:gelblat.renee@epa.gov).

Sincerely yours,

Renee Gelblat, Remedial Project Manager  
Southern New Jersey Remediation Section
