

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION II

JACOB K. JAVITS FEDERAL BUILDING

NEW YORK, NEW YORK 10278

June 20, 1991

Dear Liaison Group Member:

The U.S. Environmental Protection Agency, Region 2, will be holding a meeting of the entire membership of the Liaison Groups formed under the Community Interaction Program for the Hudson River PCB Reassessment Project, presently underway.

The meeting will be held on Tuesday, July 16, 1991, at 7:00 P.M., at the Holiday Inn, located at 946 New Loudon Road, in Latham, New York. The purpose of this meeting is to present an opportunity for all the members of the four different Liaison Groups to meet with each other as well as with EPA officials to discuss the progress and timeline for the Hudson River PCB Reassessment.

At this meeting, it is EPA's intent to distribute three (3) copies of the Phase I Report to each Liaison Group as well as make the EPA team available to the membership to answer questions or concerns they may have regarding this important project. In addition, we will be supplementing the information repositories established for this site with extra copies of the Phase I Report, so that anyone interested in examining the document will have ample opportunity to do so.

As discussed in prior meetings, EPA will be publishing a Community Interaction Program Update on the Reassessment which will include articles written by the Liaison Group members (i.e., pieces about your groups' activities, special concerns, historical perspectives on the Hudson Valley, etc.). Those of you who wish to contribute to the Update should bring your articles along with you to the meeting, if possible. Please make every effort to attend this meeting, and I look forward to seeing you on July 16th. If you have any questions or require more information, please call me at (212) 264-7214.

Sincerely,

Ann Rychlenski, Community Relations Coordinator
Office of External Programs
