Re: Combe Fill South Landfill
Chester and Washington Townships

Dear Mr. Rotola:

Enclosed is information concerning the Combe Fill South Landfill that I hope will be helpful to you in your investigation.

Combe Fill Corp. is expanding into the 47 acre wetland area. The township is trying to stop this expansion, but to date neither the Environmental Protection Agency or the Department of Environmental Protection has taken steps to prevent the landfilling of a wetland area.

Your interest and help with the township's landfill problems are greatly appreciated. Please don't hesitate to call me if you have any questions or need more information.

Sincerely yours,

Brenda Payne
