EPA Work Assignment No. 01-2V56.0

Dear Mr. Goltz:

Enclosed please find six (6) copies of the Draft Remedial Action Master Plan for the Combe Fill South Site in Washington and Chester Townships, New Jersey. The enclosed copies have been numbered CF-1-D through CF-6-D as part of the NUS Corporation Quality Assurance Program. Two of these copies, CF-5-D and CF-6-D, are being sent directly to Mr. Donald Lynch of the New Jersey Department of Environmental Protection as per your request. Three (3) additional copies, numbered CF-7-D through CF-9-D, are being sent to Mr. David T. Noble, Deputy Project Officer.

Once you have completed your review, it would be appreciated if all State and EPA review comments are consolidated into one review copy. This review copy should be directed to Ms. Linda Paul of our staff.

If you have any questions regarding the Draft Combe Fill South RAMP, please feel free to contact me.

Very truly yours,
