09 AUG 1985

Mr. E. Kaup
New Jersey Department of
Environmental Protection
Hazardous Site Mitigation Administration
428 East State Street
Trenton, New Jersey 08608

Dear Mr. Kaup:

Enclosed is a copy of the scope of work EPA's Office of Research and Development at Corvallis has submitted for the studies they feel are appropriate for Combe Fill South. Also included is their reply to the review comments made by New Jersey Department of Environmental Protection on the Bioassay Protocols.

A tentative scheduling date for collecting samples is the first or second week of September. Once again feel free to invite anyone who might be interested. I will be in touch with a firm date as soon as I have one.

Sincerely,

Christine Schulz
Northern New Jersey Remedial Action Branch
