JAN 1986

Ms. Ruth Maikish
Lawler, Matusky & Skelly Engineers
One Blue Hill Plaza
Pearl River, New Jersey 10965

Dear Ruth:

Enclosed please find one (1) set of Risk Assessment guidelines as published in the Federal Register. I am sending these along for the sake of completeness, as the package you have also contains various comments and evaluations made on the proposed guidelines by outside reviewers.

I hope that the draft RI report can be presented by the end of January to maintain the present scheduling. If there is anything I can do to help keep things on track, please do not hesitate to call me at (212) 264-7604.

Sincerely yours,

Kirk Stoddard, Project Manager
Northern New Jersey Remedial Action Section
