Combe Fill South Draft FS

John S. Frisco, Chief
New Jersey Remedial Action Branch

Richard Walka, Chief
Solid Waste Branch

Attached is a copy of the draft Feasibility Study for the Combe Fill South Landfill in Morris County, New Jersey. The site is a 65-acre municipal landfill with a deep aquifer in fractured bedrock. A specific RCRA-related issue involves the cost-benefit of a (partial) RCRA multi-layered cap in addition to a complete clay cap.

Please review and transmit your comments by September 5. The ROD is in draft and will be available soon.
