## Parties That Received the March 31, 2016 Notice of Potential Responsibility for the Lower 8.3 Miles of the Lower Passaic River, Operable Unit Two of the Diamond Alkali Site

Below is the list of parties to which EPA sent the March 31, 2016 notice of potential responsibility for the Lower 8.3 Miles of the Lower Passaic River, Operable Unit 2, of the Diamond Alkali Superfund Site. Due to mergers, name changes and other corporate transactions, the name of the original company that owned or operated a facility adjacent or near to the Lower Passaic River may have been different than the name that appear below. The list of potentially responsible parties could change over time as new information becomes available.

It should be noted that a notice of potential liability is not a legal determination, but it does provide notice of EPA's understanding of the recipient's status, based on information known to EPA. EPA may revise a party's status as additional information is received. A notice letter is also intended to provide a party with an opportunity to participate in the Superfund process.

## **List of Recipients**

Company Name	City / State
Alcatel-Lucent USA, Inc.	Murray Hill, NJ
Alden Leeds Inc.	Kearny, NJ
Alliance Chemical, Inc.	Ridgefield, NJ
Arkema Incorporated	Philadelphia, PA
Ashland, Inc.	Dublin, OH
Atlas Refinery, Inc.	Newark, NJ
Automatic Electro Plating Corp.	Newark, NJ
BASF Catalysts LLC	Florham Park, NJ
BASF Corp.	Mount Olive, NJ
Belleville Industrial Center	Belleville, NJ
Benjamin Moore & Co.	Montvale, NJ
Berol Corporation c/o Newell Rubbermaid Inc.	Oak Brook, IL
Borough of East Newark	East Newark, NJ
Campbell Foundry Company	Harrison, NJ
Canning Gum LLC c/o MacDermid Inc.	Denver, CO
CBS Corporation	Chicago, IL
Celanese Ltd.	Somerville, NJ
Chargeurs, Inc.	Jamestown, SC
Chevron Environmental Management Company / Texaco,	San Ramon, CA
Inc. / TRMI-H LLC	
City of Newark	Newark, NJ
Coats & Clark, Inc.	Charlotte, NC
Coltec Industries Inc.	Charlotte, NC
Congoleum Corp.	Mercerville, NJ
