Comments:

Alison/Marian,

Attached is a table Tina tracked down from NYS regarding fishing licenses. I know the fax of a fax of a fax may be tough to read, so I'll try to get a cleaner copy ultimately.

While there are various ways to interpret the numbers, on an order of magnitude basis they would suggest that the angler population in the UH counties is less than 100,000, but probably over 10,000. This information will be included in the final HHRA.

Don't hesitate to call if you want to discuss this further.
