

Hudson River PCBs Reassessment Project

The U.S. Environmental Protection Agency will hold two public meetings to discuss the Proposed Plan for the Hudson River PCBs Reassessment project. At this meeting, officials from the EPA will discuss the alternative that the Agency is proposing as the best method for addressing the contaminated sediments of the Upper Hudson River. This is an important and historic moment in the future of the Hudson River. Public participation and comment is an important facet of EPA's process and your input is important. Please make every effort to attend.
