Hudson River PCBs Reassessment Project

The U.S. Environmental Protection Agency will hold its next public meeting to discuss the Proposed Remedial Action Plan for Hudson River PCBs Reassessment project at the Sedgwick Hotel in Sedgwick, New Jersey. At this meeting, officials from the EPA will continue to take comment and answer questions regarding the Agency's proposed plan for addressing the contaminated sediments in the Upper Hudson River. This is an important and historic moment in the history of the Hudson River. Public participation and comment is an important part of EPA's process and your input is important. Please make every effort to attend.

lation, it's no surprise the case could have slipped through the cracks. Esposito said

of 53 percent. West Orange Police Chief James Abbot said he supported. Codey's call for a task force. He said he had other cases have long been prosecuted at the kind of cases that are downgraded to the county level, especially assault and cocaine charges.

"I don't blame the prosecutor's office," he said. "They just don't have enough people to do the job properly. I think it is a good idea that something be done about it."

William Steinbrecht, a criminal justice lawyer and the Essex County courts. He can be reached at steinbrecht@starledger.com or (973) 642-4055.

PROFESSORS

ish contended he was twice passed over for full professorship, and he remains an associate professor in accounting. Morone, also an associate professor of accounting, claimed he too was subject to a hostile work environment.

Morone claimed his attorney representing the professors refused to confront yesterday the jury began hearing testimony in December, Morone said. Last week, they delivered a hit day before returning with unanimous verdicts against each of the professors' claims.

The case was heard before the
