

GE BROUGHT PCBS INTO

70521

MARY BETH'S LIFE

"My mom died of cancer. There are toxic PCBs on my family's farm, and they came from General Electric. I'm scared to have kids."

— Mary Beth, Moreau, NY

GE's dumping of PCBs in the Hudson River Valley is the problem. Immediate PCB cleanup is the solution.

Doctors, scientists, and public health officials agree: PCBs are linked to cancer, reproductive and developmental defects, and neurological disorders.

**PRESIDENT BUSH:
NO MORE DELAYS.**

**GE CEO JACK WELCH:
DO THE RIGHT THING.**

**Follow the EPA's plan. GE must
clean up the Hudson now.
Our health is in your hands.**
