Subject: Hudson Meeting

I am sending a summary of the May 16, meeting with Administrator Whitman and Congressman John Sweeney that I prepared after further discussions with my AA Ed Krenik who attended the meeting. This should satisfy our needs to memorialize the meeting for the Administrative Record.

Thanks. HudsonCTWmeet516.

## Hudson River Superfund Site - Meeting Summary

On Wednesday, May 16, Administrator Whitman, Chief of Staff Eileen McGinnis, and Associate Administrator Edward Krenik, met with Congressman John Sweeney and two of his staff to discuss the Congressman's concerns over the proposed cleanup plan for the Hudson River Superfund Site.

Administrator Whitman discussed EPA's public participation efforts and assured the Congressman that the Agency would work diligently with local communities to keep the public informed as EPA continued its efforts at the Hudson River Superfund Site. Administrator Whitman also assured the Congressman that the comments generated during the public comment period would be thoroughly reviewed before a final cleanup plan was issued.
