JOB: 235L
DATE: February 10, 1999
SPOKE WITH: Ron Sloan, NYSDEC
NUMBER: 518-457-0756
RESULTS:

Talked with Ron about the ratio of 2.5 for LMB for fillet to whole body and 1.5 for brown bullhead. Explained our methodology & approach. He agreed these values seemed within the realm of feasibility for HR samples.

ACTION:
None needed.
