Subject: Rate Request

70697

Attention: John Szeligowski

John: with reference to your request for "ballpark" rail rates for the movement of contaminated dredge from the Moreau/Ft Edward, NY area I can advise the following:

TO: Niagara Falls, NY \$1100 per car applicable on private cars with no mileage payments
 \$1350 per car applicable on railroad owned cars

Above rates are applicable on gondola cars and do not include destination switching at Niagara Falls nor cost of covers which would be additional.

For your information, neither Andrews, TX nor Grandes Piles, PQ are rail stations. If you can advise closest rail station I will be able to quote rail rates.

Regards,

Ed Fitzgerald
