Dear Mr. Tomchuk:

RE: Hudson River PCB  
Site No.: 5-46-031

This correspondence is in response to the March 6, 1991 letter requesting a representative from the New York State Department of Environmental Conservation to be on the Hudson River PCB Oversight Committee (HROC). Mr. Stephen Hammond will be the designated representative on the committee. The letter also requested written comments regarding the project. These comments were previously hand delivered to you on March 22, 1991, from myself. I trust these comments will be useful to the Reassessment Project Phase 1 Work Plan.

We also propose to have Mr. Raymond E. Lupe or myself act as an alternate if Mr. Hammond is absent from attending the meetings.

If you have any questions please feel free to call me at (518) 457-5677.

Sincerely,

William T. Ports

Division of Hazardous Waste Remediation
