Dear Members of the Hudson River PCB Oversight Committee:

The U.S. Environmental Protection Agency (EPA) invites your participation at the next Hudson River PCB Oversight Committee (HROC) meeting, to be held on September 1, 1992. The meeting will be held at the Sheraton Hotel, 200 Wolf Road, Albany, New York, and will begin at 7:00 p.m.

The agenda for the meeting will include a discussion of issues that the Scientific and Technical Committee and the Steering Committee decided to raise to HROC, a project status update, and a discussion of how EPA plans to revise the Phase 2 Work Plan in response to the comments that have been received. Also, please be prepared to discuss any activities that your agency/group has been conducting with respect to the Hudson River PCB problem. If there are other agenda items that you believe would be appropriate, then please inform EPA of them before the meeting.
