Dear Ms. Rychlenski:

Pursuant to yesterday's Hudson River PCB Steering Committee meeting, I am requesting the following information from EPA:

- 1988 Interim Guidance for Conducting RI/FS's,
- the list of individuals who have been invited to serve on the Scientific Advisory Committee,
- the NOAA PNRS for the Hudson Estuary,
- the current EPA guidance documents that will be used to develop the human health and environmental risk assessments (listed on page 2-9 of the Phase 1 Work Plan),
- the Hazard Ranking Score for the NPL designation of the Hudson River, which includes the definition of the geographic boundaries of the Superfund site.

If there is any difficulty in providing us with any of this information, please contact me at (914) 454-7673. Thank you for your help in obtaining this information.

Sincerely,

Bridget Barclay
