Dear Hudson River Friend:

Attached for your information is a copy of a letter sent out to the members of the various Liaison Groups established by U.S. EPA, Region 2 under its Community Interaction Program for the Hudson River PCB Reassessment.

Although neither yourself nor your organization are formal members of these groups, we hope that you will join and participate fully in our quest for a clean and healthy Hudson River. Along with the Liaison Group letter, I am enclosing a copy of our most recent fact sheet which describes in detail the mechanism of the Community Interaction Program. If you have any questions or require further information, please contact me at (212) 264-7214, and we at EPA look forward to your active participation. Thank you.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ann Rychlenski".

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION II

JACOB K. JAVITS FEDERAL BUILDING

NEW YORK, NEW YORK 10278

July 29, 1991

Dear Liaison Group Member:

This is just a brief letter to touch base with you following our general Liaison Group meeting on July 16 in Latham, New York. Over the next few weeks you will be receiving the minutes of this meeting, as well as the minutes from the Scientific and Technical Committee Meeting held on July 11 and the Information Session on the Phase I Report held on May 15th.

During the course of our last get together it was brought to my attention that not all the Chairs and Co-Chairs have definitive listings (including phone numbers) for their Liaison Group membership. Therefore, enclosed with this letter is a form for you to fill out fully and mail back to me. I will make copies for the Chairs and Co-Chairs of the groups for their own records, as well as compile a central file here at my office. This listing should be of great assistance in enhancing the level of communication between the members of the Liaison Groups. For your additional information, I am enclosing a list of the names and phone numbers of all the Chairs and Co-Chairs of the respective Liaison Groups.

Since our deadline is drawing near, I would like to remind everyone that contributions to the Update that we will be publishing are due by August 15, 1991. Please send them on to me as soon as you can so that we can get this publication up and out into the community. Please send your articles to my attention at: U.S. EPA, Region 2, 26 Federal Plaza, Room 905, New York, New York 10278. If you have any questions or need more information, please call me at (212) 264-7214. Thank you for your participation.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ann Rychlenski".
