Dear Cara:

Enclosed are the promised flyers for the Public Availability and Phone-In Session on September 5, 1991. I'm sure that you'll make certain that they find their way into the down river community and here's hoping that they generate some interest in the Hudson River PCB Reassessment.

I'm glad that we had a chance to speak about the Community Interaction Program and the lack of down river participation, (a common concern we both share). I look forward to meeting with you in the next few weeks to work on broadening the spectrum of participation within the down river environmental community. Thanks for your help and offer of assistance, and please give me a call if you need more information. You can reach me at (212) 264-7214 or (212) 264-7054. Thanks again.

Sincerely,

Ann Rychlenski, Community Relations Coordinator
Office of External Programs
