Dear Liaison Group Officer:

This is just a brief note to let you know that on Wednesday, August 5, 1992, at 7:30 p.m., the U.S. Environmental Protection Agency will hold a meeting of the Steering Committee under the Community Interaction Program for the Hudson River PCB Reassessment. The meeting will be held in the Community Room of the Glens Falls National Bank, located at 250 Glen Street in Glens Falls, New York. The entrance to the Community Room is located in the rear of the Bank, accessed easily via the parking lot.

An agenda will be sent to you prior to the meeting. If you want to call a meeting of your particular Liaison Group before the Steering Committee meets, and need for me to do a mailing for you, please contact me as soon as possible at 212/264-7214. I will be out of the office on vacation next week from Wednesday, July 22nd through Friday, July 24th. If during that time you need to have a mailing done, you can contact Karen Coghlan of TAMS Consultants at: 201/338-6680 (TAMS), or 201/871-6068 (home), and she will be happy to assist you.

Thank you for your continued participation and interest in the Community Interaction Program, and I look forward to seeing you on August 5th.

Sincerely,

A handwritten signature in dark ink, appearing to read "Ann", is written over the typed name.
