

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION II

JACOB K. JAVITS FEDERAL BUILDING

NEW YORK, NEW YORK 10278-0012

January 26, 1993

Dear Agricultural Liaison Group Member:

I am sending this announcement out on behalf of your Chairman, Tom Borden, to inform you that there will be a meeting of the Agricultural Liaison Group on Thursday, February 11, 1993 at 7:30 p.m. The meeting will be held at the Town of Saratoga Town Hall, located at 30 Ferry Street in Schuylerville, New York.

As you know, under the Community Interaction Program for the Hudson River PCBs Reassessment, the Liaison Groups may sponsor outside speakers to present and discuss scientific and technical information relevant to the Reassessment and/or the Hudson River PCB issue. It is under this program that Tom has invited representatives from the General Electric Corporation (G.E.) to this meeting of the Agricultural Liaison Group to discuss G.E.'s experimental work in bioremediation and other related topics of interest.

Please be advised that the opinions expressed by any guest speaker and/or presenter at this or any other Liaison Group meeting are the sole opinions of that individual (and/or organization or corporation) and do not reflect the opinions or policies of the U.S. Environmental Protection Agency. We hope to see you on February 11th, and on behalf of your Chair, Tom Borden, and myself, thank you for your continued participation in the Community Interaction Program.

Sincerely,

Ann Rychlenski, Community Relations Coordinator
External Programs Division
