

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION II

JACOB K. JAVITS FEDERAL BUILDING

NEW YORK, NEW YORK 10278-0012

November 5, 1993

Dear Liaison Group Member:

On behalf of U.S. EPA, let me take this opportunity to invite you to attend a Joint Liaison Group meeting on Monday, November 22, 1993. The meeting will be held at the Holiday Inn Express, located at 946 New Loudon Road in Latham, New York (exit 7 on the Northway); and will begin promptly at 7:00 p.m.

Our guest presenter that evening will be Dr. Ron Sloan of the New York State Department of Environmental Conservation. Dr. Sloan will discuss his work regarding recent PCB increases in the context of trends over the last fifteen years, reflected by contaminant concentrations in fish.

Please be advised that the opinions expressed by any guest speaker and/or presenter at this or any other Liaison Group meeting are the sole opinions of that individual (and/or organization or corporation), and do not reflect the opinions or policies of the U.S. Environmental Protection Agency.

This promises to be a very interesting evening, and I hope you will make every effort to attend. If you have any questions or need more information, please call me at 212/264-7214. Thank you for your continued interest and participation in the Community Interaction Program for the EPA's Reassessment of the Hudson River PCB Superfund site, and I look forward to seeing you on the 22nd.

Sincerely,

A handwritten signature in cursive script, which appears to read "Ann Rychlenski", is positioned above the typed name.

Ann Rychlenski, Community Relations Coordinator
