

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION II

JACOB K. JAVITS FEDERAL BUILDING

NEW YORK, NEW YORK 10278-0012

March 9, 1994

Dear Liaison Group Member:

For your information - the U.S. EPA has rescheduled the Scientific & Technical Committee (STC) meeting that was postponed last month due to inclement weather. The new date for the meeting is Thursday, March 24, 1994, starting at 8:30 a.m. until 4:00 p.m. The meeting will be held at the Holiday Inn Express, located at 946 New Loudon Road, Latham, New York.

The focus of this meeting will be for the STC to discuss the modeling that will be conducted as part of the Reassessment, with presentations made by EPA's modeling contractors. As in the past, a limited number of seats will be available for those who wish to observe the proceedings. Participation in the proceedings is limited to those members of the STC only, and/or guest presenters. Questions or comments from observers will not be entertained by the STC membership. Attached is a copy of the agenda for the upcoming meeting.

If you have any questions or require more information, please feel free to contact me at 212/264-7214. Thank you for your continued participation and interest in the Community Interaction Program for EPA's Hudson River PCBs Reassessment RI/FS.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ann Rychlenski", is positioned above the typed name.

Ann Rychlenski, Community Relations Coordinator
External Programs Division
