

## UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION II

JACOB K. JAVITS FEDERAL BUILDING

NEW YORK, NEW YORK 10278-0012

April 5, 1994

Dear Liaison Group Member:

*This letter will serve to inform you that the U.S. Environmental Protection Agency, Region 2, will be holding a Joint Liaison Group Meeting under the Community Interaction Program for the Hudson River PCBs Reassessment, on Monday, April 18, 1994.*

*The meeting will begin at 7:00 p.m., at the Holiday Inn Express, located at 946 New Loudon Road, in Latham, New York.*

*Our guest presenter will be Dr. Ed Garvey of TAMS Consultants, Inc., who will discuss the preliminary data analysis of the geochemical information collected during Phase 2 of the Reassessment (high resolution coring, water column sampling and side scan sonar). This is essentially the same presentation that Dr. Garvey gave to the Hudson River Oversight Committee at its last meeting in October, 1993. Since his presentation was of great interest to so many of those present at that meeting, and has been the subject of a number of inquiries from the public, we felt it should be shared with the entire membership.*

*I look forward to seeing you on April 18th, and if you have any questions or require more information, please contact me at 212/264-7214. Thank you for your continued interest and participation in the Community Interaction Program for the Hudson River PCBs Reassessment.*

Sincerely,

A handwritten signature in cursive script, appearing to read "Ann Rychlenski", is written over a horizontal line.

Ann Rychlenski, Community Relations Coordinator  
External Programs Division
