Dear Liaison Group Member:

It's time for another issue of "River Voices", and I am soliciting articles from you for publication. We hope to have the latest edition out before the New Year - lots has happened since we last printed in 1994 - so send in your contributions.

As you know, "River Voices" is published by the U.S. Environmental Protection Agency, but is produced jointly by EPA and the members of the four established Liaison Groups, as part of the Community Interaction Program for the Hudson River PCBs Reassessment. Contributed articles are limited to authorship by Liaison Group members **only**, and should address issues specific to the Reassessment Project. Articles are never edited for any reason other than space consideration, and the edited piece is printed only with the permission of the author.

Articles should be sent to me by Friday, December 1, 1995 at the following address:

Ann Rychlenski, Editor, "River Voices"
U.S. EPA, Region 2
External Programs Division
290 Broadway, 26th floor
New York, NY 10007

If you have any questions or need more information, please contact me at 212/637-3672. "River Voices" presents a unique opportunity for the voice of the public to be heard across a wide spectrum of the community concerned about the future of the Hudson River. Please utilize this excellent vehicle for the exchange of information, opinion and free thought to the fullest extent. Thank you for your continued participation in the Community Interaction Program, and I look forward to your articles.

Sincerely,

A handwritten signature in black ink, appearing to be "Ann Rychlenski", written over a horizontal line.
