**Re: Hudson River PCBs Reassessment Database**

**Dear Liaison Group Member:**

The CD-ROM containing the database that was compiled for the Hudson River PCBs Reassessment Phase 2 Reports is now available for your use in conjunction with the Database Report (Nov. 1995), which serves as a guide to understanding the Reassessment database.

Please note that the release of the database starts the public comment period for the Database Report. Therefore, the public comment period for the Database Report will end on May 29, 1996. Please send any comments you have regarding this report or the database, postmarked by midnight May 29, 1996 to Doug Tomchuk, Remedial Project Manager, U.S. EPA, 290 Broadway, 20th floor, New York, New York 10007. The CD-ROM is available at the following locations:

Marist College Library  
Marist College  
290 North Road  
Poughkeepsie, NY 12601  
contact: John McGinty

Government Documents Section  
Building 757  
U.S. Military Academy at West Point  
West Point, NY 10996  
contact: Paul Nergelovic

University Library  
SUNY/Albany  
1400 Washington Ave.  
Albany, NY 12222  
contact: Catherine M. Dwyer  
Government Documents Librarian

R.G. Folsom Library  
Rensselaer Polytechnic Institute  
Troy, NY  
Contact: John Dojka, Collection Development  
Librarian

Saratoga Springs Public Library  
49 Henry St.  
Saratoga Springs, NY 12866  
contact: Claudia Hayes

Saratoga County EMC  
50 W. High St.  
Ballston Spa, NY 12020  
contact: George Hodgson

**10.11463**

**Printed on Recycled Paper**

Two of the above locations are regular Information Repositories for the Hudson River PCBs Reassessment project (Saratoga Springs Public Library and Saratoga County EMC), since the rest of our Information Repositories did not have CD-Rom capabilities, we found other locations where that capability exists and public access is available.

I hope you find these locations convenient, we tried to place the CD-ROMs in areas close to existing repositories and at facilities with weekend and evening hours. If you have any questions regarding this matter, please give me a call at 212/637-3672. Also, if you want a copy of the CD-ROM for your own personal use, please put your request in writing and send it to Doug Tomchuk at the same address listed for public comments to this report. Thanks for your continued interest and participation in the Community Interaction Program for the Reassessment.

Sincerely,

Ann Rychlenski, Community Relations Coordinator  
External Programs Division
