Hudson River PCBs Reassessment Remedial Investigation/Feasibility Study
Community Interaction Program

There has been a change in location for the Steering Committee Meeting scheduled for 7:30 PM on April 27, 1998.

The meeting will be held in Heritage Hall at the Glens Falls Civic Center, Glens Falls, NY, instead of the Saratoga Springs City Center. The date and time have not changed, only the location.

We hope this change has not inconvenienced any of you who plan to attend.

Yours truly,

Karen Coghlan
