

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION II

JACOB K. JAVITS FEDERAL BUILDING

NEW YORK, NEW YORK 10278-0012

JAN 31 1994

Dear Scientific and Technical Committee Member:

The U.S. Environmental Protection Agency has scheduled a meeting of the Scientific and Technical Committee (STC) for Wednesday, February 9, 1994. The meeting will be held from 9:15 a.m. to 4:00 p.m. at the Holiday Inn Express, 946 New Loudon Road, Latham, New York. The telephone number of the Holiday Inn Express is (518) 783-6161.

The purpose of the meeting is to discuss the modeling that will be conducted as a part of the Reassessment. Presentations will be made by the modeling contractors, and discussions will be held to answer any questions that you may have. In addition, EPA hopes to get feedback from the committee on some of the assumptions that are being considered. An agenda is enclosed. Also enclosed are copies of several memoranda prepared by Limno-Tech, which outline the fate and transport modeling that is currently planned or has been initiated. Although, I realize that these documents will arrive just prior to the meeting, I ask that you read them for the meeting. Your familiarity with this information will make for a more productive meeting.

If you have any questions regarding the meeting, please contact me at (212) 264-7508.

Sincerely yours,

Douglas J. Tomchuk, Project Manager  
Hudson River PCBs Site Reassessment
