August 18, 1992

Dear Steering Committee Member:

At the last meeting of the Steering Committee in Glens Falls on August 5, 1992, it was decided that we would hold our segment on the "Goals of the Community Interaction Program" on the same day and just prior to the Hudson River Oversight Committee meeting on Tuesday, September 1, 1992.

The Community Interaction Program exercise will be held on September 1, at 5:30 p.m. promptly, at the Sheraton Albany Airport, located at 200 Wolf Road, in Albany, New York. In consideration of the fact that this session will be taking place during the dinner hour, pizza and sodas will be provided. It is advisable that you arrive by 5:15 in order to get settled in and ready to work at 5:30. Since this is a working exercise that requires considerable interaction and activity among the members of the Steering Committee, (and since we will also be eating), no observers will be invited to the session.

The Hudson River Oversight Committee will be meeting at 7:00 p.m., directly after the Community Interaction Program segment; and as always, observers are welcome to the HROC proceedings. If you have any dietary restrictions that prevent you from sharing pizza with us, please let me know. If you have any questions, or require more information please call me at 212/264-7214. Thank you for your continued interest and participation in the Community Interaction Program for the Hudson River PCB Reassessment, and I look forward to seeing you on September 1st.

Sincerely,

Ann Rychlenski, Steering Committee Chair &
Community Relations Coordinator
External Programs Division
