

# EPA REVIEWS CLEANUP CHEM-SOLV, INC. SITE

The U.S. Environmental Agency is reviewing the cleanup that was conducted at the Chem-Solv, Inc. Superfund Site located in Cheswold. EPA inspects sites regularly to ensure that cleanups conducted remain protective of public health and the environment. EPA's previous review of the site in 2013 determined that the remedy was working as designed and was protective. Findings from the current review that is being conducted will be available August 2018.

**For questions or to provide site-related information for the review:**
