40 CFR Part 300
[FRL-3436-5]

National Oil and Hazardous Substances Contingency Plan; National Priorities List Update

AGENCY: Environmental Protection Agency.

ACTION: Notice of Deletion of sites from the National Priorities List.

SUMMARY:

The Environmental Protection Agency (EPA) announces the deletion of two sites from the National Priorities List (NPL). The NPL is Appendix B to the National Oil and Hazardous Substances Contingency Plan (NLP), which EPA promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended. EPA and the State of Florida have determined that no further fund-finance remedial actions are appropriate at these sites and actions taken to date are protective of public health, welfare, and the environment.

EFFECTIVE DATE:

September 1, 1988.

SUPPLEMENTARY INFORMATION:

The EPA identifies sites that appear to present a significant risk to public health, welfare, or the environment and maintains the NPL as the list of those sites. Sites on the NPL may be the subject of Hazardous Substance Response Trust Fund (Fund-) financed remedial actions. Any site deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the site warrant such action. Section 300.66(c)(8) of the NCP states that Fund-financed actions may be taken at sites deleted from the NPL. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.

The two sites EPA deletes from the NPL are:

1. Tri-City Oil Conservationist, Inc., Tampa, Florida
2. Varsol Spill, Miami, Florida.

An explanation of the criteria for deleting sites from the NPL was presented in section II of the March 14, 1988 Notice of Intent to Delete (53 FR 8223). A description of each of the two sites, and how each meets the criteria for deletion was presented in section IV of that notice.

The closing date for comments on the Notice of Intent to Delete was April 13, 1988. No comments were received concerning the two sites.
