Free Chlorine

* All hydrants are flushed during the transition to free chlorine. Flushing events begin at the plant, and free-chlorinated water is moved out to all pockets of the system within a two week period through the flushing activities. Specific records or notes of these individual flushes are not kept. Dates and time frames of flushing events are below.

Aug 18-Sep 1, 2018	7:00 am-3:00 pm
Aug 21-Aug 30, 2019	7:00 am-3:00 pm
Aug 26-Sep 9, 2020	7:00 am-3:00 pm
