Subject: RE: Revised Final Work Plan for RI Addendum and Final FS

Paul,

EPA has reviewed the revised RI/FS work plan addendum, dated 4/29/16 (sent electronically to EPA correcting minor figure 2). During EPA's final review language was identified in section 4.2.2 that warrants deletion. Please delete the identified language and provide EPA and MDNR with a revised work plan and current resubmission date within 3 calendar days (or 5/6/16). An electronic copy of EPA's letter is attached and hard copy will follow by mail.
