

REGION 10
SEATTLE, WA 98101

October 29, 2024

Mr. Joseph Kornowske
Hazardous Waste Program Manager
354th Civil Engineering Squadron
Eielson Air Force Base, Alaska 99702

Dear Mr. Kornowske:

Enclosed is the Resource Conservation and Recovery Act (RCRA) Emergency Permit, issued to Eielson Air Force Base for the emergency detonation of the following munitions:

1. Chaff-RR-180 (12 pounds)
2. Impulse BBU-48A/B (5 pounds)

The permit is valid for a two-week period, beginning November 4, 2024. We expect that the emergency detonation will be accomplished within a one-day time frame during the two-week period.

Please direct any questions related to the emergency permit to Louie Cuaderno at cuaderno.louie@epa.gov.

Sincerely,

TIMOTHY HAMLIN Digitally signed by TIMOTHY HAMLIN
