

Sites in Continued Use

Broward County Industrial Property

1408 Southwest 8th Street, Pompano Beach, Florida 33069

Images from left to right: Views of the Precision Metals Industries building and parking area.

Site Name: Wilson Concepts of Florida, Inc. Superfund Site

Size: 2 acres

Existing Site Infrastructure: All major utilities are available on site.

Current Site Uses: A sheet metal manufacturing facility is located on site.

Use Restrictions: None.

SETTING:

- Precision Metal Industries, a sheet metal manufacturer, currently operates on site.
- The site and its surroundings are zoned for industrial uses.
- The site is located less than a half-mile west of U.S. Interstate 95.
- A linen cleaning and delivery service borders the site to the north, a construction materials company borders the site to the south, and a fiberglass manufacturing company borders the site to the east. The Chemform Inc. Superfund site borders the site to the west.
- As of December 2017, EPA had data for one on-site business. This business generated an estimated \$24 million in annual sales revenue.
- Surrounding population: 0.5 miles, 1,047 people | 2.5 miles, 78,764 people | 4 miles, 203,473 people.

Disclaimer: EPA does not warrant that the property is suitable for any particular use. Prospective purchasers must contact the property owner for sale potential.

REMEDIAL STATUS:

- Wilson Concepts operated a precision parts manufacturing facility on site from 1967 to 1987. Waste handling practices resulted in soil and groundwater contamination.
- EPA placed the site on the National Priorities List (NPL) in 1989.
- After further investigation, EPA determined that the site did not pose a risk to human health or the environment.
- EPA took the site off the NPL in 1995 after site groundwater met federal drinking water standards.
