Preliminary Assessment
 Dover Mfg. Co.
 Tosun Rd., Wolcott, Ct.

February 24, 1986

The Dover Mfg. Co. was shown on the Preliminary Assessment list as being on Tosun Road, Wolcott. There was a fire on the site, and a new metal building erected in 1980, now occupied by "Phaneuf Co." In November 1985, I visited "Phanaeuf", see map #1,#2, and spoke to James Homewood, president of this company which is involved in Sales and Service of Bank and Office Systems. They sell paper shredders, filing supplies, shelving and graphic art supplies; and produce no industrial wastes. They have been on site for two years and rent from Marjorie Drubner, whose company, "Craftsman Litho", was on the site from 1980 until 1983.

Mr. Homewood said their water had been tested and approved by the Chesprocott Health District. In doing a perimeter inspection, I saw no evidence of waste materials or stained soils, see Photos #5, but did realize the map I had taken from the 1970 inspection which mentioned dumping of oils was of a different location, See map #3. After some map research and another visit to Wolcott, I found that location and discovered that there also had been a Dover Mfg. Co. at the map #3 location, 30 Town Line Rd. This site is assessed in a separate folder. The Tosun Rd. site, now occupied by "Phaneuf" seems to need no further investigation.
